Gate Pass System Overview

Complete guide for implementing and validating gate pass types

Permanent Gatepass

Pass Type = 1

- Service Provider, Sub Contractor, Employee
- End date: > 3 months, < 2 years

Temporary Gatepass

Pass Type = 2

- Visitor, Service Provider, Sub Contractor
- Exact duration match required

Key Validation Rules

- **Visitor type:** Not required for both types
- **months_validity:** Not required for Permanent Only
- **pass_for:** Required for both types

```
// Gate Pass Validation Logic
if (pass_type == 1) {
  // Permanent Gatepass - validate end_date > 3 months and < 2 years
  validate(end_date > start_date + 3 months && end_date < start_date + 2 years);
} else if (pass_type == 2) {
  // Temporary Gatepass - validate exact duration match
  validate(end_date == start_date + months_validity);
```

Permanent Gatepass

Pass Type = 1 | Service Provider, Sub Contractor, Employee

Type 1

Parameters & Configuration

Parameter	Value/Type	Required
pass_type	1	Required
visitor_type	Not Required	Not Required
months_validity	Not Required	Not Required
pass_for	[2,3,4]	Required

pass_for: 2=Service Provider, 3=Sub Contractor, 4=Employee

Validation Rules

end_date must be > 3 months and < 2 years from **start_date**

- End date > start_date + 3 months
- End date < start_date + 2 years

Flow Diagram

Set pass_type=1 → Select pass_for → Set dates

Validate:
end_date > start_date + 3 months

Validate:
end_date < start_date + 2 years

Temporary Gatepass

Pass Type = 2 | Visitor, Service Provider, Sub Contractor

Type 2

Parameters & Configuration

Parameter	Value/Type	Required
pass_type	2	Required
visitor_type	Not Required	Not Required
months_validity	[1,2,3,4,5,10,30,60,90]	Required
pass_for	[1,2,3]	Required

pass_for: 1=Visitor, 2=Service Provider, 3=Sub Contractor

Months Validity Options

1=1 day	2=2 days	3=3 days
4=4 days	5=5 days	10=10 days
30=1 Month	60=2 Months	90=3 Months

end_date - start_date must exactly match selected **months_validity**

Flow Diagram

Set pass_type=2 → Select pass_for → Select months_validity

Step 1:
Set pass_for ∈ {1,2,3}

Step 2:
Set months_validity

Exact Duration Match

Start Date **2024-01-01**

= 30 days

End Date **2024-01-31**

Exact match required

Quick Reference Guide

Permanent vs Temporary Gatepass Comparison

Type 1: Permanent | Type 2: Temporary

Permanent Gatepass (Type 1)

Parameter	Value	Status
pass_type	1	Required
visitor_type	Not Required	Not Required
months_validity	Not Required	Not Required
pass_for	[2,3,4]	Required
end_date	> 3 months, < 2 years	Required

pass_for: 2=Service Provider, 3=Sub Contractor, 4=Employee

Temporary Gatepass (Type 2)

Parameter	Value	Status
pass_type	2	Required
visitor_type	Not Required	Not Required
months_validity	[1,2,3,4,5,10,30,60,90]	Required
pass_for	[1,2,3]	Required
duration	Exact match	Required

pass_for: 1=Visitor, 2=Service Provider, 3=Sub Contractor

Validation Rules

end_date must be > **start_date + 3 months** and < **start_date + 2 years**

- End date > start_date + 3 months
- End date < start_date + 2 years

Validation Rules

end_date - start_date must exactly match selected **months_validity**

- Duration must match months_validity exactly
- 1=1 day, 2=2 days, 3=3 days, 30=1 month
